ASEA 15th Biennial Convention In Review

I attended the 15th Biennial Convention and delegate training in Anchorage, March 12-16.

This was my 3rd Convention. It started out with delegate training which is always a good refresher on parliamentary procedures and Convention protocol.

It's always great to see attendees from prior Conventions, but this year it was encouraging to see the momentum The Next Wave Committee (members 40 years old and younger) had gained.

The Presidents Committee that was revived in a joint meeting with the State Executive Board in February also met. The Committee set regular telephonic meetings for the 1st Thursday of each month. We also set goals to contact all of our Chapter members by July 1st of this year. We hope to not only increase

attendance at our Chapter meetings, but to also make personal connections with our members.

Committee work sessions are always interesting and result in Resolutions brought forth on the Convention floor, which are then discussed and voted on.

I would encourage members to consider attending the 2016 Convention and for our members 40 years old and under to consider joining the Next Wave Committee. Contact me if you want more information, because the goal of the committee is to encourage our younger members to participate and bring forward their concerns.

Thank you for allowing me to represent our Chapter.

By Bev Brill, Delegate City of Sitka Chapter
