AFSCME Working Hard For You & Your Family

Whether it is fighting for justice on the job, preserving retirement security or protecting the interests of workers; AFSCME is always working hard for you and your families.

But did you know that Union Plus is also working hard for you and your family? Through our strategic partnership with Union Plus programs, active and retired AFSCME members in the U.S. are eligible for over 40 special benefits and programs that Union Plus offers, including: an outstanding mortgage benefit, travel and entertainment discounts, AT&T wireless discounts and the AFSCME Advantage Credit Card program.

The AFSCME Advantage Credit Card program features three credit cards with improved assistance benefits, which have provided more than \$1.7 million to help union cardholders facing financial hardships since 2009. After carrying this card for just three months, cardholders may be eligible for:

Job Loss Grants of \$300 to help eligible cardholders who have recently been laid off.

Strike Grants of \$300 to provide assistance to eligible cardholders who are on a union-sanctioned strike or experiencing a lockout.

Disability Grants of \$1,600-\$2,700 to help eligible cardholders who have lost significant income due to a long-term illness or disability.

Hospital Grants of \$1,200 to aid eligible cardholders with large, unreimbursed hospital expenses.

These grants are part of the assistance program from Union Plus that assists eligible union members facing hardships due to layoffs, hospital costs, disability, mortgage payment problems and high college costs. Through these new and expanded programs, Union Plus will help even more union families. Approved grants for eligible cardholders are paid by check and they **never have to be paid back.**

Also available to eligible AFSCME members is the Union Plus Mortgage program, which provides a range of assistance programs, including interest-free

loans and grants to help make mortgage payments when you're disabled, or become unemployed. More than \$10.3 million in assistance has been provided to union members. Over the life of the Union Plus mortgage assistance program.
