Bargaining Update No. 15 April 24, 2025

Your CNC met with State of Alaska negotiators in Juneau and online April 24 for the thirteenth negotiating session.

If you were unable to attend the negotiation session today, we want to give you a brief update. We have exchanged multiple supposals (hypothetical, non-binding proposals) with the State over the past week, with the hope of being able to reach an agreement before the legislative deadline for monetary terms to be included in the Operating Budget. Things are moving quickly and terms are changing quickly. Please look out for invitations to possible additional bargaining sessions, which may occur with very little notice.

Thank you to everyone who has shared their thoughts with us and/or attended negotiation sessions!

Please reach out to your contract negotiation committee member if you have questions.

We hope to be able to reach an agreement that will provide significant wage increases and adequately fund our health trust. Please stay tuned for more updates!

Solidarity wins better contracts. Let's fight for what we deserve!
